FULL STACK WEB DEVELOPER

Full-Stack developer with 4 years of experience, highly motivated, with a solid technical background and proven ability to adapt to new technologies. I have worked at the consulting firm Aligare, where I participated in projects for companies such as Cruz Verde, Claro, and Ripley. At Ripley, I played a key role for 2 years, due to the client's strong interest in keeping me on their team, repeatedly renewing my contract with Aligare.

I have experience in technologies such as React, Angular, Node.js, Java Spring Boot, .NET Core (C#), PostgreSQL, MongoDB, Oracle, Docker, Jenkins, and Git, which has allowed me to develop scalable and efficient applications both on the frontend and backend. In addition, I have knowledge of task management with Jira and documentation in Confluence.

I have frequently traveled to Scotland for personal reasons, which allowed me to improve my English and reach an advanced level. I took the IELTS Academic exam in Glasgow, obtaining a B2 level.

PROFESSIONAL EXPERIENCE

Developer Demos - Kitchen Blog & Role Manager App   February 2024 – August 2025
Full Stack Developer

- **Kitchen Blog:** Developed a modern recipe blog using React 18, Vite, Material UI, Emotion, Framer Motion, React Router, Node.js, Express, and MongoDB.
- Implemented JWT authentication and real-time notifications with Server-Sent Events (SSE).
- Leveraged Cloudinary for external image storage and media optimization.
- Built a dynamic, responsive UI with reusable components and smooth animations.
- **Role Manager App:** Built a user role and permission management system using React, TypeScript, Node.js, and PostgreSQL.
- Implemented granular role-based access control (RBAC) to secure actions based on user profiles.
- Secure authentication with JWT and scalable architecture for multi-user environments.
- Focused on security best practices in frontend-backend communication and data persistence.

English (B2 – Upper Intermediate)   June 2024 – January 2025

- Intensive course: June 2024 – January 2025
- IELTS Academic (June 15, 2024) – B2 Level
- Speaking: 6.5 | Reading: 6 | Listening: 6 | Writing: 6

Aligare   November 2021 – May 2024
Full Stack Developer

- Developed software applications, estimated and successfully supported for Aligare, also working on projects for Ripley, Claro, and Cruz Verde. Implemented robust data models and optimized queries in PostgreSQL to improve data management and retrieval.
- Used a variety of technologies, including React, Angular, NodeJS, and Java, to create scalable and efficient applications.
- Developed Web and Desktop applications.
- Collaborated with different cross-functional teams to deliver high-quality software products.
- Technical Skills: React, Angular, JavaScript, NodeJS, Spring Boot, PostgreSQL, SQLServer, Oracle, Express, MongoDB, Docker, Jenkins, Java 8, Git, Jira, and Confluence.

Farmacias Cruz Verde Chile
Full Stack Developer

<div align="right">

November 2021 – January 2022

</div>

- Developed a transactional system for Cruz Verde Chile/Colombia.

- Docker.
- Version control with Git, BitBucket, and Git Lab.
- Documentation with Confluence.
- Task distribution and monitoring with Jira.

EDUCATION

- Software Engineering – Duoc UC

LANGUAGES

- IELTS B2 English Certificate (Independent), exam taken in Glasgow, Scotland.
- Native Spanish Speaker

RECOMMENDATION LETTERS

July 9, 2024 – Santiago de Chile

Dear Sir/Madam,

I am pleased to write this letter of recommendation for Emmanuel Morales Inzunza, who has worked as an IT Engineer at Ripley.com under my direct supervision in the Corporate Transactional Services Management area (Chile - Peru). During his time with us, Emmanuel has proven to be an exceptional professional, contributing significantly to the development of our technology area.

Emmanuel has an outstanding command of the latest technologies and a remarkable ability to quickly adapt to new systems and tools. His ability to analyze and solve technical problems is impressive, and he has often provided innovative and effective solutions to complex challenges. His analytical and detailed approach ensures that any project he works on is carried out with precision and quality.

One of Emmanuel's most notable qualities is his proactivity. He not only fulfills his assigned tasks but constantly seeks ways to improve processes and optimize the performance of our systems. This initiative has been invaluable to our company, and his willingness to take on additional responsibilities has been greatly appreciated.

Moreover, Emmanuel is known for his ability to work in a team. He collaborates effectively with colleagues, sharing knowledge and supporting others to achieve common goals. His ability to communicate clearly and work together with other departments has been crucial to the success of our projects.

Emmanuel also stands out for his effort and timeliness. He has always demonstrated an unwavering commitment to meeting established deadlines, ensuring that projects are completed on time without compromising quality. His work ethic and dedication are exemplary.

In summary, Emmanuel Morales has been a great asset to the development of our technology area during his time at our company. His professionalism, technical skills, and proactive attitude make him a valuable asset to any team. Given the high level of performance he has demonstrated, I would not hesitate to work with him again in the future.

Sincerely,

Juan Patricio Rojas Morales | Empresas Ripley

Defect Manager & Leader of Corporate Transactional Services Management | Operational Continuity and QA Management

Richard Casas <rcasas@aligare.com>   July 11, 2024
To: emanueldeffsb@gmail.com

To whom it may concern,

I am pleased to recommend Emmanuel Morales, who worked with me from February 2021 at Aligare Technology Consulting until May of this year. During this time, Emmanuel proved to be a committed professional and a key asset to our team.

Emmanuel had an excellent attitude and a great ability to learn, which allowed him to quickly adapt to new personal and technological challenges. His ability to work in a team was outstanding, collaborating effectively with colleagues and maintaining a smooth and professional relationship with our clients.

In addition, Emmanuel showed good analytical skills, autonomy, and great responsibility. These qualities enabled him to tackle and solve problems efficiently, always meeting deadlines and maintaining a high level of quality in his work.

In summary, I believe Emmanuel Morales would be an excellent addition to any team, and I am confident he will continue to excel in any project he undertakes.

I am available to provide any additional information you may require.

Sincerely,

aligare
